

PLAN HOMES FOR 1,000 FAMILIES IN NEW JERSEY

Committee Appointed With
Full Power to Go Ahead
and Erect Houses.

Jersey City's contribution to the relief of the housing shortage received an impetus at a meeting of the Chamber of Commerce this morning when a Ways and Means Committee was appointed to form the million-dollar corporation which is expected to erect 250 four-family houses in the Bergen and Greenville sections.

John J. Voorhees jr., rubber manufacturer, was made Chairman of the committee, which has full power to start operations.

The houses will be sold, according to present plans, to the occupants. The estimated cost of each apartment is expected to be in the neighborhood of \$2,500, which, it is said, will be about 20 per cent less than the cost of the same work if performed under present conditions by individual construction.

The houses will be of brick and frame, depending on the fire laws in the section in which they are erected. Building will be started, it is stated, as soon as ten home-owners make contracts with nominal payments to show good faith. All of the houses are expected to be finished by spring.

LONDON, Dec. 2.—A secret, closely kept by the Soviet Government, has come to light. He was shot at on Oct. 22 while proceeding from the Kremlin in his limousine, but escaped injury.

MAY REOPEN 'TORTURE' CASE

Actor Convicted on Testimony of Girl Now Held for Larceny.

The case of John Gallender, vaudeville actor, now serving an indeterminate sentence on Blackwell's island for torturing his daughter, Minnie, may be reopened, it was said to-day at the Brooklyn District Attorney's office, because of the arrest of the girl on a larceny charge.

It was almost exclusively on her testimony that he was convicted, and it is now said that if she is found guilty of larceny the fact may detract from the value of her testimony against her father. She is accused of stealing a diamond brooch from her employer, Mrs. Helen McDermott, No. 521 West 112th Street.
